

SPEEDING IN DORADO

Radar was used to check the speed of incoming and outbound cars on Dorado Blvd over 3 days in November 2010. The radar was set up for a 30-45 minute period between 5 p.m. - 6 p.m. The area was on the east side of Dorado Blvd near the pool area. The speed limit everywhere in Dorado is 25 MPH. The study showed that:

- ✓ 78% of the inbound cars were speeding
- ✓ 76% of the outbound cars were speeding

The speed on the inbound cars was higher than the outbound cars.

Speed will be checked on the west side of Dorado Blvd in the next month or so.

SLOW DOWN!
