

# LET'S STOP THE TAGGERS IN DORADO

The west side of Dorado has been hit hard with taggers beginning around July 1<sup>st</sup>. The first incident was on the side of a house. The police say the taggers are probably "age 12-24, amateurs , this could be their first time at tagging & they probably live in Dorado". It is not gang related and not related to the graffiti under the Speedway Bridge.

The samples at right are only a few of about 50 different incidents.

The police request that you call 911 if you see taggers at work or even if you see kids out on the Dorado streets between 10 p.m. - sunrise. Give the police a location and description of the kids.

Thank you,  
Dorado Master HOA

**Let's keep Dorado a clean, safe and  
nice place to live.**
